Public Assessment Form

The purpose of this questionnaire is to:

- Help us identify who you are;
- Keep you informed of updates and initiatives;
- Determine what needs are and are not being met in Rancho Cucamonga;
- Help us identify what you do in order to build a comprehensive no kill plan and identify your possible role in it; and,
- Gather as much information as possible to help assess and improve shelter operations and thus save more lives.

The more thorough your responses, the better the plan will be. However, if you are uncomfortable answering any of the questions, please feel free to so state and your answer will be accepted without question. Feel free to use additional pages if you need more space to elaborate your answers.

If you would like any of the information to be kept confidential from any outside parties, including city staff, please so state. Your responses will be kept confidential and will not be released without your permission. Only No Kill Solutions will have access to this information.

Please return completed forms by e-mail, fax or mail within two weeks to:

Nathan J. Winograd
No Kill Solutions
P.O. Box 74926
